A. Canvass of June 8, 2010 Municipal Election Results

Mike Carlson, Finance Officer, stated that the City Council needs to canvass the June 8th City election results. The duties of the Canvassing Board are to open the returns from each precinct, which are found in the poll books, determine that the returns are genuine and not forged, tabulate the returns from the precincts, declare the results and make an abstract of the results that is to be signed. Mike reported that the County Commission has canvassed the results for the primary election so the poll book envelopes have been opened but were again sealed. The tabulation board results for each precinct were handed out to compare with the totals from the poll books. Mike noted that there was one provisional ballot that, through review, the County Auditor determined was not registered thus the ballot was not counted. An abstract of the vote has been prepared which should be compared to the tabulation results before adoption. Discussion followed.
