

**APPLICATION FOR MOBILE HOME PLACEMENT**

---

**Mobile Home Placement Standards**

- The mobile home court owner or mobile home owner shall submit a permit application to the building inspector before a mobile home is allowed to be placed in a new or vacated space in the owner’s court. Such permit shall include the mobile home owner’s name, mobile home make/model/size, date and time of anticipated arrival, and the court lot location assigned.
- All mobile homes placed in a mobile home court shall meet or exceed federal HUD manufactured home construction and safety standards as adopted on June 15, 1976.
- All mobile homes placed in a licensed mobile home park or on a privately owned site shall have a gable roof with a pitch of at least 3/12 feet and be constructed of roofing material of a type customarily used on site-constructed residences.
- All mobile homes shall be anchored to the ground in accordance with manufacture’s specifications or as prescribed by the ANSI/NFPA 501A Standards in effect on the date of placement.
- Every mobile home owner shall cause such home to be skirted with material approved by the building official after placement of the home. Areas enclosed by such skirting shall be maintained so as not to provide a harborage for rodents, or create a fire hazard.
- No additions shall be built onto or become a part of any mobile home unless approved by the building official.
