

Electricians License

The City Ordinance requiring the licensing of electricians is as following. The fee is \$100.

Sec. 51.05. License for electrical wiring required.

Any person, before doing any electrical wiring or installing any electrical appliances in the city, shall secure from the finance officer a license therefore. The license shall be issued by the city to applicant or applicants competent to undertake the work of electrical wiring and installing electrical apparatus established by possession of a state electrical contractor's or Class B license, upon payment by said applicant to the finance officer of an amount set from time to time by resolution. Such license shall be good until June 30 of the following year.

To make application please complete the following form and submit with the \$100 fee to the Vermillion Finance Office
