Council Agenda Memo

From: John Prescott, City Manager

Meeting: August 11, 2020

Subject: Resolution promoting the wearing of face masks or face coverings inside of buildings open to the public

Presenter: John Prescott

Background: Face coverings have been determined to be one of the more effective measures to reduce the spread of the coronavirus. Social distancing and hand washing or sanitizing are also very effective measures to help control the spread. Over the last couple of weeks, the Board of Regents, the Vermillion Public School District, and the City of Vermillion have adopted policies in regard to the use of face coverings in their buildings. At the last meeting, the City Council considered, but did not adopt, an ordinance requiring face covering or face mask in buildings open to the public. Staff was directed to prepare a resolution which would encourage the use of face masks or face coverings in buildings open to the public.

Discussion: Two resolutions are attached for adoption consideration. The end result of both resolutions is to encourage the wearing of face coverings or face masks. One version of the resolution includes the various exceptions that were provided when the ordinance to require face coverings or face masks was considered. The other version of the resolution does not list all of the exceptions, but notes that there are situations where a face mask or face covering cannot be utilized and encourages individuals in these instances to use other protective measures.

A resolution does not necessitate the establishment of a fine for not adhering to the guidance provided. During the discussion on the ordinance requiring a face covering or face mask, the attorney for the City's liability insurance company offered that a resolution would be a better approach than an ordinance.

The Board of Regents will be reviewing the campus face mask/face covering requirement after 30 days. The School Board will also be reviewing their requirement on a regular basis. If the resolution is adopted, City staff will place continuation of the resolution on each agenda during the 60-day life of the emergency resolution.

Financial Consideration: None.

Conclusion/Recommendations: Adoption of a resolution promoting the use of face masks or face coverings in buildings open to the public appears to be the best compromise of legal concerns and health recommendation that have been discussed over the last couple of weeks. Administration recommends adoption of the resolution which best meets the policy directives of the City Council.

Council Agenda Memo

From: John Prescott, City Manager

Meeting: August 11, 2020

Subject: First reading of proposed Emergency Ordinance 1419 to require signage that the wearing of face masks or face coverings is expected inside of buildings open to the public

Presenter: John Prescott

Background: With the last agenda item, the City Council was considering a resolution to promote the use of the face coverings or face masks inside of buildings which are open to the public. The City Council at the August 3, 2020 regular meeting expressed interest in having a signage requirement that buildings open to the public would need to meet to help promote a community culture of wearing a face mask or face covering.

Discussion: The proposed signage requirement is that businesses have a sign which reads Face Mask or Face Coverings are expected. The City has been working with the University of South Dakota to promote continuity of signage across the community. A business does not have to use the templates which will be available on the City's website. A business would need to provide the same message that face masks or face coverings are expected. The sign must be at least 8.5" x 11" and placed at the entrance or entrances to the business. A sample of the template is included with the packet.

The proposed ordinance is an emergency ordinance to provide the City Council with the ability to more quickly implement the requirement to address the ongoing, immediate health issue. An emergency ordinance would have a life of 60 days. If adopted, the second reading of Emergency Ordinance 1419 would be part of the regular meeting agenda on Monday, August 17, 2020. City staff would place the continuation of the signage requirement on each regular meeting agenda during the 60 days to provide the opportunity to discuss continuing the requirement.

As with all ordinances, a fine needs to be established. Generally, the fine for violation of an ordinance is set with the second reading of an ordinance. The fine would be in addition to current court costs of \$72.50.

Enforcement of the sign ordinance will be the responsibility of the Code Compliance staff. These employees handle other signage related matters for the City.

Financial Consideration: None.

Conclusion/Recommendations: Administration recommends approval of the first reading of Emergency Ordinance 1419 to help promote the community culture of face covering / face mask wearing inside of buildings open to the public.
